5 *Performance Standards; and Osceola County School Board Rule 4.11 – Student Progression Plan,*
6 *the School District of Osceola County , Florida, (SDOC) Student Progression Plan* establishes the

8 upon the student's proficiency of the state standards required for each grade level, content area,
9 and/ or course.

10
11 The *SDOC Student Progression Plan* shall be adopted by the Osceola County School Board and
12 revised periodically thereafter in order to comply with changes in state law and to address needs of
13 our students and community.

14
15 The *SDOC Student Progression Plan* shall contain five (5) separate but comprehensive sections.
16 Each section is intended to contain all of the required elements of student progression and applicable
17 statutes for use at the school level. These sections are:

- 18
- 19 • Entry, Attendance, and Withdrawal
- 20
- 21 • Program Description
- 22
- 23 • Promotion/ Grade Level Classification

4 years by February 1 of any school year or who are older than six (6) years of age but who have not
5 attained the age of sixteen (16) years are required to attend school regularly during the entire school
6 term.
7

8 **A. Initial Entry Requirements [Section 1003.21, Florida Statutes (FS)]**

18

19 *If a passport or immigration document is used as evidence of age, it may not be duplicated.

21

22 **a) Maximum Age Limit for Attendance**
23

27 interruption in schooling.
28

23 data and information presented during the meeting.
24
25 • If the IEP team determines that the student's excessive absences are not related to

5 **1. Student Performance – Florida’s Early Learning-20 Education Priorities**

- 6
7 • Section 1000.03, Florida Statutes (FS), establishes the priorities of Florida’s Early
8 Learning-20 education system, which include:
9
- 10 ○ Learning and completion at all levels, including increased high school graduation rate
11 and readiness for postsecondary education without remediation: All students
12 demonstrate increased learning and completion at all levels, graduate from high
13 school, and are prepared to enter postsecondary education without remediation.
14
 - 15 ○ Student performance: Students demonstrate that they meet the expected academic
16 standards consistently at all levels of their education.
17
 - 18 ○ Civic literacy: Students are prepared to become civically engaged and knowledgeable
19 adults who make positive contributions to their communities.
20
 - 21 ○ Alignment of standards and resources: Academic standards for every level of the
22 Early Learning-20 education system are aligned, and education financial resources
23 are aligned with student performance expectations at each level of the Early Learning-
24 20 education system.
25
 - 26 ○ Educational leadership: The quality of educational leadership at all levels of Early
27 Learning-20 education is improved.
28
 - 29 ○ Workforce education: Workforce education is appropriately aligned with the skills
30 required by the new global economy.
31
 - 32 ○ Parental, student, family, educational institution, and community involvement:
33 Parents, students, families, educational institutions, and communities are collaborative
34 partners in education, and each plays an important role in the success of individual
35 students. Therefore, the State of Florida cannot be the guarantor of each individual
36 student’s success. The goals of Florida’s Early Learning-20 education system are not
37 guarantees that each individual student shall succeed or that each individual school
38 shall perform at the level indicated in the goals.
39
 - 40 ○ Comprehensive Early Learning-20 career and education planning: It is essential that

2 their areas of interest and ability;

- 3
- 4 ○ This information shall be provided to students and parents through websites,

11 based reading activities, pursuant to Section 1008.25(4)(b), FS.

The Florida Legislature acknowledges the fundamental truth that all persons are equal before the law and have inalienable rights. Accordingly, instruction and supporting materials on the topics enumerated in this section must be consistent with the following principles of individual freedom:

- No person is inherently racist, sexist, or oppressive, whether consciously or unconsciously, solely by virtue of his or her race or sex.
- No race is inherently superior to another race.
- No person should be discriminated against or receive adverse treatment solely or partly on the basis of race, color, national origin, religion, disability, or sex.
- Meritocracy or traits such as a hard work ethic are not racist but fundamental to the right to pursue happiness and be rewarded for industry.
- A person, by virtue of his or her race or sex, does not bear responsibility for actions committed in the past by other members of the same race or sex.
- A person should not be instructed that he or she must feel guilt, anguish, or other forms of psychological distress for actions, in which he or she played no part, committed in the past by other members of the same race or sex.

Instructional personnel may facilitate discussions and use curricula to address, in an age-appropriate manner, how the freedoms of persons have been infringed by sexism, slavery, racial oppression, racial segregation, and racial discrimination, including topics relating to the enactment and enforcement of laws resulting in sexism, racial oppression, racial segregation, and racial discrimination, including how recognition of these freedoms have overturned these unjust laws.

However, classroom instruction and curriculum may not be used to indoctrinate or persuade students to a particular point of view inconsistent with the principles of this subsection or state academic standards.

The State Board of Education shall develop or adopt a curriculum to inspire future generations through motivating stories of American history that demonstrate important life skills and the principles of individual freedom that enabled persons to prosper even in the most difficult circumstances. This curriculum shall be known as “Stories of Inspiration” and made available to schools to implement the requirements of this subsection; and

(1) Curriculum Access and Individual Education Plan (IEP) Implementation

- The curriculum for Exceptional Student Education students shall follow the Florida Standards with appropriate accommodations.
- For students with disabilities identified as ESE students, their Individual Educational Plans (IEP's) specify the appropriate goals and benchmarks and unique aspects of their programs.
- For some ESE students with significant cognitive disabilities, Access Points Curriculum for Florida Standards in the academic areas of English language arts, math, social studies, and science at their grade level may be more appropriate. The decision to place a student with a disability on Access Points shall be made through an IEP team meeting and with parent consent only if all eligibility requirements are met.
- For some students enrolled in ESE programs, the IEP team determines that participation in the Florida Alternate Assessment is the most appropriate measure of the student skills. For these students, instruction via Access Points is the most appropriate means of providing access to the general curriculum. Such students shall be promoted based on the acquisition of skills in accordance with the student's IEP and the grade level Access Points for Florida Standards in English language arts, math, social studies, and science.
- The IEP developed by the team specifies the level of services for specific content areas. The IEP also addresses annual goals and short-term objectives to meet the unique needs of the student as well as appropriate classroom accommodations. Accommodations may be embedded in the areas of curriculum, instruction, and assessment. Accommodations may include specialized presentation formats, specialized assessment/ response formats, setting, and/ or scheduling. Accommodations listed on the IEP must be implemented as indicated.

1 **C. Multi-Tiered System of Supports (MTSS) and Problem Solving/ Response to Intervention**
2 **(PS/ Rtl) [Section 1008.25(4)(b), FS]**
3

- 4 • The district is committed to the implementation of a Multi-Tiered System of Supports (MTSS)
5 framework to integrate and align efforts to improve educational outcomes and to meet the
6 academic and behavioral needs of all students. The process utilized to ensure implementation
7 of an effective MTSS framework is Problem-Solving/ Response to Intervention (PS/ Rtl). PS/
8 Rtl is a data-driven decision-making process applied to all aspects of the educational
9 organization. The systematic use of student assessment data at the district, school,
10 classroom, and student levels shall guide decisions about the allocation of resources and the
11 intensity of the instruction and interventions needed to improve student learning and/or
12 behavior. The district's schools shall provide high quality instruction and intervention(s)
13 matched to student needs and shall use rate of progress and level of performance to inform
14 instructional decisions at all three Tiers of instruction.
15
- 16 • School-based Problem Solving Teams shall identify students in need of tiered interventions
17 through the review of universal screening data and shall determine the appropriate types and
18 levels of interventions based on various data sources. Standard protocol interventions shall
19 generally be utilized initially when data indicate a need for interventions beyond Tier 1 core
20 instruction alone. Students' responses to interventions shall determine if there is a need for
21 more intensive interventions and diagnostic assessment shall assist the Problem Solving
22 Team with development and implementation of intensive interventions. Students who receive
23 interventions beyond the core curriculum shall have their rate of progress and level of
24 performance included in their cumulative school records. Teachers shall consult the district
25 MTSS/ Rtl Curriculum Guides for available supports.
26

27 **D. Acceleration Plan [Section 1002.3105, FS]**
28

30 benchmarks, remains a high priority for the school district. Per 1002.3105, Florida Statutes,
31 Academically Challenging Curriculum to Enhance Learning (ACCEL), the School District
32 provides the following plan for acceleration decisions within the district's existing Multi-Tiered
33 System of Supports (MTSS) and Problem Solving/ Response to Intervention framework.
34
 - 35 ○ School level Problem Solving Teams shall review assessment data at the beginning of the
36 school year to determine which students may benefit from acceleration options.
37
 - 38 ○ Tier 1 acceleration options may include cluster/ ability grouping differentiated
39 assignments, curriculum compacting, or telescoping curriculum.
40
 - 41 ○ Tier 2 acceleration options may include single subject or virtual school instruction.
42
 - 43 ○ Tier 3 acceleration options may include whole grade acceleration if the Problem Solving
44 Team determines such placement may meet the needs of highly able students.
45
 - 46 ○ For each tier, the Problem Solving Team shall monitor the progress of all students and
47 administer additional assessments to determine if students continue to exceed
48 benchmarks and whether more targeted acceleration options are appropriate.
49
- 50

- 35 • Section 1003.43(1), F.S., requires high school students to complete successfully either a
36 minimum of twenty-four (24) academic credits in grades 9-12 or an IB curriculum for
37 graduation. The components of the IB curriculum that meet this requirement are as follows:
- 38
- 39 ○ The IB Diploma program is a rigorous pre-university course of studies, leading to
40 internationally-standardized examinations that meet the needs of highly motivated
41 secondary students.
 - 42
 - 43 ○ This program is designed as a comprehensive two-year curriculum that allows its
44 graduates to fulfill requirements of various national education systems.
 - 45
 - 46 ○ The IB Organization (IBO), a nonprofit educational foundation, has been in existence since
47 1963.
- 48

1 **1. International Baccalaureate Course of Study**
2

3 • IB diploma candidates are required to select one subject from each of six subject groups
4 (e.g., Studies in Language and Literature, Language Acquisition, Individuals and
5 Societies, Sciences, Mathematics, Arts). At least three, and not more than four, are taken
6 at higher level (HL), the others at standard level (SL). HL courses represent 240 teaching
7 hours; SL courses cover 150 hours. By arranging work in this fashion, students are able
8 to explore some subjects in depth and some more broadly over the two-year period. IB
9 diploma candidates must also demonstrate their mastery of the coursework by passing a
10 battery of comprehensive written, and in some cases oral, examinations in the subject
11 areas. The required curriculum for the School District of Osceola IB Diploma Program
12 shall include:

- 13
- 14 ○ Successful completion of all prerequisite courses, or those deemed as equivalent, by
15 the school’s IB program;
 - 16
 - 17 ○ Successful completion of a minimum of thirteen (13) credits in courses identified by
18 the IB Organization, or equivalent courses as selected by the school from the Florida
19 Course Code Directory, in grades 11-12 as follows:
 - 20
 - 21 ▪ Two (2) credits* in each of the following subjects: Language Arts, World
22 Language, Social Studies, Science, Mathematics, and Arts/ Electives.
 - 23
 - 24 ▪ Theory of Knowledge [one to two (1-2) credits depending on length of course of
25 study offered at the school]
 - 26
 - 27 ○ Successful completion of all requirements of Creativity, Action, and Service (CAS) as
28 defined by the IBO to include a minimum of one hundred (100) hours of community
29 service completed in grades 9-12;
 - 30
 - 31 ○ Completion of an Extended Essay; and
 - 32
 - 33 ○ Completion of all IB required Internal Assessments, Written Tasks (Groups 1 & 2), and
34 the Group 4 project.
 - 35

36 *Some IB Standard Level courses may be offered over one (1) year rather than two (2),
37 and therefore, a student would earn only one (1) credit in a subject rather than two (2).
38 The two (2) credit requirement is satisfied by successfully completing the curriculum for
39 each course and taking the IB exam in that subject area. In these cases, students may
40 finish with fewer than the minimum thirteen (13) credits defined above.

1 **G. Advanced International Certificate of Education (AICE) Diploma Program [Section**
2 **1007.27(9), FS]**
3

4 **1. Cambridge AICE Diploma Description**
5

6 The Advanced International Certificate of Education (AICE) Diploma Program is the
7 curriculum whereby students are enrolled in a program of studies offered and administered
8 through the University of Cambridge AICE Program.
9

10 To be considered for an AICE Diploma, students must earn the equivalent of six credits by
11 passing a combination of examinations at either double credit (A level) or single credit (AS
12 level), with at least one course coming from each of the subject group 1, 2, 3 areas:
13

- 14 • Mathematics and Sciences
- 15 • Languages
- 16 • Arts and Humanities
- 17 • Global Perspectives (effective spring 2017, Cambridge Global Perspectives shall be
18 required as a seventh credit for the Cambridge AICE Diploma).
19

20 The Cambridge AICE Diploma is awarded at Distinction, Merit or Pass level depending on the
21 passing grades earned on the AICE subject examinations. For Cambridge AICE exams, the
22 passing letter grades range from A* (at A level only) to E with A* being the highest. Grades
23 are reported in upper case if awarded at the A level and lower case if reported at the AS level.
24 The lowest passing grade of E (or e) is comparable to a US course grade of C (or c) or a 3 on
25 an AP examination. Students who do not qualify for a Cambridge AICE Diploma shall receive
26 AS or A Level General Certificate of Education (GCE) subject certificates for the subject
27 examinations passed. Students who complete the Cambridge AICE curriculum shall be
28 provided with the best possible foundation for advanced postsecondary studies anywhere in
29 the world.
30

31 **2. AICE Exams and College Credits**
32

33 The State Board of Education has established rules that specify the passing cutoff scores on
34 AICE Examinations that are used to grant post-secondary credit at Florida's state colleges
35 and universities. Both Cambridge International AS and A Levels are considered college-level
36 courses of study, and students passing these examinations with a Cambridge grade of E (or
37 e) or higher may receive up to 45 hours of college credit or advanced standing based on their
38 scores in these examinations from universities throughout the United States and all public
39 universities and colleges in Florida.
40

1 **3. AICE Diploma Curriculum Requirements**
2

3 Per Section 1003.4282, Florida Statutes, students may complete either a minimum of 24
4 academic credits in grades 9-12 or an AICE Diploma curriculum to fulfill high school
5 graduation requirements. The corresponding AICE Diploma curriculum requirements include:
6

7 Complete a minimum of 12 AICE credits* identified by the University of Cambridge
8 International Examinations (Cambridge) in three academic areas as follows:
9

- 10 • Two (2) credits* from Group A – Mathematics and Sciences
- 11 • Two (2) credits* from Group B – Languages
- 12 • Two (2) credits* from Group C – Arts and Humanities
- 13 • Six (6) additional credits* in any combination from the above three Groups or from Global
14 Perspectives

15
16 *Students earn one credit by completing one AICE full credit course and another credit for
17 taking the corresponding AICE examination.

18
19 Completion of AICE Diploma Curriculum prerequisites as identified by the AICE program
20 school is presumed.

21
22 Students shall be exempt from payment of any fees for administration of the examinations in
23 the year they sit for the corresponding course, regardless of whether or not the student
24 achieves a passing score on the examination.
25

1 **H. Career and Technical Education (CTE) Programs [Section 1003.491, FS]**
2

- 3 • The School District of Osceola County offers a variety of career and technical education
4 programs at the high school level that help students prepare for high skill-high wage
5 occupations and for postsecondary educational opportunities. It is essential that students,
6 parents, teachers, guidance counselors, and administrators be aware that most individual
7 career and technical education courses do not stand alone but are part of a planned sequence
8 of courses leading to occupational proficiency and program completion at the high school or
9 postsecondary level. Many of the career and technical education programs also prepare
10 students to acquire industry certification in the career field. Not all career and technical
11 education programs are offered at all high schools. Some are offered as a Career and
12 Technical Academy.
13
- 14 • A certified school counselor or other designated school employee shall inform students who
15 withdraw from high school of opportunities in the Graduation Alternative to Traditional
16 Education (GATE) Program.

37 programs of study that provide a planned sequence of courses linked to postsecondary
38 educational goals. The Career Pathways initiative offers students the opportunity to focus
39 on career and technical education courses that shall help train them for high skill-high
40 wage occupations. At the same time, they can be earning Valencia College credit or
41 Orange and Osceola County Tech Center's credit while they are attending high school.
42

2

- 3 • High school cooperative (co-op) education is an academic program that combines a
4 comprehensive classroom curriculum with work experience in the business community.
5 Cooperative education gives the student an opportunity to gain professional job
6 experience related to a career goal. The Florida Department of Education provides a way
7 for schools to offer students a variety of business-based On-the-Job Training (OJT) and
8 co-op programs in Career and Technical Education cluster areas.
9
- 10 • Cooperative education permits career and technical education students to earn high
11 school elective credit. Cooperative education involves paid, supervised, concurrent
12 employment that is directly related to the student's in-school training. The coordinator
13 must approve all cooperative education job sites. Members of the immediate family shall
14 not employ students.
15
- 16 • Benefits for the student include opportunities to:
17 ○ learn useful career technology skills in the classroom and on the job;

- 17 • In order to be promoted to the next grade level, students in Grades 6-8 must meet the following
18 criteria:
19
20 ○ Pass each of the core subjects of mathematics, language arts, science, and social studies.
21 The district-adopted grading scale (see IV.D.) shall determine a passing grade for each
22 course.
23
24 ○ Pass at least one elective course each semester.
25
26 ▪ Schools may require students to pass reading as a fifth core subject in lieu of the
27 elective course requirement.
28
29 • Final grades are awarded on a yearly basis in middle school.
30
31 ○ When two nine weeks are used to determine a final grade (e.g., a semester course), each
32 nine weeks shall count 50% of the final grade. The total shall be divided by two (2).
33
34 ○ If a semester exam is given, each nine weeks grade and final exam grade shall count 20%
35 of the final grade, and the total shall be divided by five (5).
36
37 • If the resulting average is not a whole number, the number is rounded to the nearest whole
38 number as follows:
39
40 ○ If the decimal is equal to or greater than 0.5, then the number is rounded up to the nearest
41 whole number.
42
43 ○ If the decimal is less than 0.5, then the number is rounded down to the nearest whole
44 number.
45
46 • In Grades 6-8, the grade percentage values of the grading period and exam grade are
47 averaged to determine the final grade. No grade percentage below 60% shall be considered
48 passing for that subject. Grades in high school dual enrollment classes taught in Grades 7
49 and 8 must be determined following the high school academic policy.
50
51 • Students not meeting the above criteria for promotion may earn promotion by successfully
52 completing a summer remediation or testing program as provided at their school. Students
53 who are not successful with the provided opportunity are to be retained.

1 **E. High School General Requirements for Grade Level Classification [Section 1003.436(2),**

14 as seniors.
15
- 16 • All **transfer students** shall be expected to attempt to earn a minimum of three and one-half

- 26 ○ Junior - 14 credits
 - 27 ○ Senior - 20 credits
- 28
- 29 • All students shall be expected to remain a full-time student for four (4) years after enrolling
30 as a Grade 9 student, *unless* the student:

- 32 ○ declares an intent to graduate on the 18 credit Academically Challenging Curriculum to
33 Enhance Learning (ACCEL) plan;
34
 - 35 ○ declares an intent to graduate early under the 24 credits plan and meets all standard
36 diploma requirements (A student must make his or her declaration to graduate early *prior*
37 *to* the first day of the semester of the school year in which the student intends to
38 graduate.); or
39

 - 6 ○ 1 DE class – 5 classes at high school
 - 7

8 The number of high school courses is based on level or credit earned through DE.

9
10 It is recommended that students should have a minimum of six (6) credits total per year to
11 meet graduation requirements.

12
13 Students can take DE courses at more than one institution, but no more than four (4) courses

1 **G. Student Performance Levels for English Language Arts, Mathematics, and Science**
2 **[Section 1008.25, FS]**
3

- 4
- 5 • Florida Statute 1008.25 requires that the district define specific levels of performance in
6 English language arts, mathematics, and science for each grade level. These levels of
7 performance shall be used to identify students who **must** receive remediation or be retained
8 within an intensive program that is different from the previous year’s program and takes into
9 account the student’s learning style.

 - 10 • In compliance with Section 1008.25, FS, students shall be identified as performing at one of
11 three levels which indicates a student’s achievement:
12
 - 13 ○ above grade level,
 - 14 ○ at grade level, or
 - 15 ○ below grade level.

 - 16 • Performance levels are determined by various indicators that shall include, but are not limited
17 to, multiple measures using appropriate grade-level assessments as well as teacher
18 judgment.
19

20
21 **1. Required Program of Study**
22

- 23 • A student’s performance level should be based on standardized test results, daily
24 assignments, teacher observation, teacher made tests, satisfactory attainment of the
25 student performance standards in the curriculum frameworks and other objective
26 information. If the achievement level is not met, the teacher shall utilize deficiency/
27 progress reports to communicate with the parent during the grading period. Notices to
28 parent/ guardian of ELL students must be provided in the primary language, whenever
29 feasible.
30

31 **2. Possible Assessments**
32

33 The School District shall maintain on its website the list of specific state and district assessments
34 that may be administered to students at each grade level and in each content area to obtain data
35 that informs and improves instruction.
36

37 Diagnostic assessments may also be included in order to determine the nature and extent of a
38 student's specific areas of academic need.
39

1 **H. Middle School Promotion to a Higher Grade Level [Section 1003.4156, FS]**
2

- 3 • The assignment of a student to a higher grade which results in the student's accelerated
4 promotion should be made based on exceptionally high achievement or evidence that the
5 student would benefit more from the instructional program at the advanced grade level. The
6 Superintendent or designee should authorize the assignment.
7
- 8 • The assignment shall occur at the end of a grading period agreed upon by both the sending
9 and receiving principal. If an ELL student is involved, the ELL committee shall meet to
10 document the change in the ELL Student Plan.
11
- 12 • After agreement has been reached regarding an exceptional student, an Individual Education
13 Plan meeting must be held prior to placement in the new assignment. The long-range
14 academic, social, and emotional effect of the decision shall be considered.
15
- 16 • The school principal has the responsibility for making such an assignment, but a student shall
17 not be accelerated without parental consent.
18
- 19 • The student's cumulative record, report card, and permanent record must indicate
20 "accelerated grade placement" and the name of the principal who made the placement.
21
- 22 • Parents shall be notified in writing that their child is receiving an accelerated grade placement
23 to the next higher grade. A copy of this notification shall be placed in the cumulative folder.
24 Notices to parent/ guardian of ELL students must be provided in the primary language,
25 whenever feasible.
26

1 **I. Progress Monitoring Plan (PMP)/ Multi-Tiered System of Supports (MTSS) Process**
2 **[1008.25(4)(b)]**
3

- 4 • Florida Statute 1008.25 (4)(b) requires that students that do not achieve level 3 or above on
5 statewide standardized English Language Arts assessment, or the statewide standardized
6 mathematics assessment must have an Individualized Education Plan (IEP), be part of a
7 schoolwide system of progress monitoring for all students or have an individualized progress
8 monitoring plan.
9
- 10 • All schools shall have an established Multi-Tiered System of Supports (MTSS) system in place
11 that shall monitor the progress of all students.
12
- 13 • Students identified, through the MTSS system, with significant English Language Arts or
14 Mathematics deficiencies shall be provided additional instructional supports as documented
15 on the MTSS Intervention Documentation form.
16
- 17 • Florida Statute 1008.25 requires parent notification for students who exhibit substantial
18 deficiencies in reading. When a student is identified with a significant reading deficiency,
19 through the MTSS team, a district notification letter and MTSS parent brochure shall be sent
20 home. The notification letter includes an invitation for parents to meet with the school to:
21 provide input on the intervention plan and to learn strategies parents may use at home to help
22 the student succeed in reading proficiency.
23
 - 24 ○ A Voluntary Prekindergarten Education Program student who exhibits a substantial
25 deficiency in early literacy skills based upon the results of the administration of the midyear
26 or final Coordinated Screening and Progress Monitoring (CSPM) system shall be referred
27 to the local school district and may be eligible to receive instruction in early literacy skills
28 before participating in Kindergarten.
29
 - 30 ○ A Voluntary Prekindergarten Education Program student who scores below the 10th
31 percentile on the final administration of the Coordinated Screening and Progress
32 Monitoring (CSPM) system shall be referred to the local school district and is eligible to
33 receive early literacy skill instructional support through a Summer Bridge program the
34 summer before participating in Kindergarten.
35
 - 36 ○ The Summer Bridge program must meet requirements adopted by the Florida Department
37 of Education and shall consist of four (4) hours of instruction per day for a minimum of
38 one-hundred (100) total hours.
39
 - 40 ○ Retention requirements for students in Grades Kindergarten through 2 shall be based
41 upon performance in English Language Arts and math.
42
 - 43 ○ Parents of students in Grades Kindergarten through 2 who are retained shall receive
44 notification, an opportunity for parental input on the retention decision, and information on
45 the importance of students mastering early literacy and communication skills in order to
46 be reading by grade level at the end of Grade 3
47
 - 48 ○ A student with an individual education plan (IEP) who has been retained and has
49 demonstrated a substantial deficiency in early literacy skills must receive instruction in
50 early literacy skills.
51
52

- 1 ○ For students with a substantial deficiency in reading (Grades K-3) or math (Grades K-4),
2 an individualized progress monitoring plan must be developed within forty-five (45) days
3 after the results of the Coordinated Screening and Progress Monitoring system becomes
4 available.
- 5
- 6 ○ The school shall provide an immediate written notification of specific items to parents of
7 any student who exhibits a substantial deficiency in reading or math.
- 8
- 9 ○ Pursuant to Florida Statute 1008.25, parents of students with a substantial deficiency in
10 reading or math and students being promoted to Grade 4 with a Good Cause exemption
11 may make the following requests:
- 12
- 13 ▪ a meeting to discuss the student's progress,
- 14 ▪ more frequent notification of the student's progress,
- 15 ▪ more frequent interventions and supports, and
- 16 ▪ earlier implementation of the additional interventions or supports described in the initial
17 notification.

18 **1. ELL Students – PMP/ MTSS Process**

- 19
- 20
- 21 • English Language Learner students who are unable to demonstrate mastery in academic
22 subject areas as described in the Student Progression Plan shall be referred to a Progress
23 Monitoring Plan / ELL committee. This committee shall develop a PMP/ MTSS for the
24 student in accordance with the following guidelines and procedures:
- 25
- 26 ○ The reason for the academic under-performance of an ELL student must **not** imply
27 that he/ she needs an extra year to learn English or that it is due to the student's lack
28 of English proficiency.
- 29
- 30 ○ Establish lack of academic progress in English language arts, mathematics, and/
31 science using a composite of indicators that includes, but is not limited to: grade level
32 checklists, pre-tests and post-tests, ACCESS 2.0 results, alternate assessment
33 results, previous academic records, diagnostic assessment in the home language, and
34 any other appropriate indicator of academic progress.
- 35
- 36 ○ The first PMP/ MTSS ELL committee meeting develops a PMP/ MTSS that includes a
37 list of intensive remedial instructional strategies designed to assist the ELL student
38 (NOTE: ESOL accommodations are not considered remedial strategies).
- 39
- 40 ○ The second PMP/ MTSS committee meeting, with ESOL representation, is held within
41 18 weeks to review the effectiveness of the remedial strategies. If the ELL student
42 does not make satisfactory progress, the curriculum may be suspended and intense
43 remedial instruction in reading and/ or mathematics is provided based on the student's
44 deficiencies.
- 45
- 46 ○ If the ELL student still has not made satisfactory progress after implementing the PMP/
47 MTSS for at least 27 weeks, the ELL committee may recommend retention unless
48 conditions exist such that retention would be more adverse for the student than
49 promotion.
- 50
- 51 ○ The ELL Committee may exempt ELL students from the retention provision. The ELL
52 student may be recommended for promotion based on at least three (3) good cause
53 considerations: such as educational background, academic ability in home/ native
54 language, receipt of two (2) years or less of instruction in an approved ESOL program

1 (according to the date entered a US school), current academic progress corresponding
2 to the language arts through ESOL manual, acculturation to new culture, home
3 support, age appropriateness, and mobility.
4

5 **2. Gifted Students**
6

- 7 • For a gifted student who is performing below grade level, it is appropriate to develop a
8 PMP through the MTSS process.
9

10 **3. Students with Disabilities – PMP/ MTSS Process**
11

12 **a) 504 Students**
13

14 A PMP/ MTSS is to be developed for a 504 student who does not meet district and state
15 levels of proficiency in English language arts, mathematics, and/ or science.
16

17 **b) ESE Students – PMP/ MTSS Process**
18

19 A student with a disability who is not meeting the school district or state requirements for
20 proficiency in English language arts and math shall have his or her academic needs
21 addressed through an Individual Educational Plan (IEP).
22

- 23 • If the student's IEP does not address the student's deficiency in English Language
24 Arts or mathematics as required by Florida law, then the school must address these
25 deficits in either a schoolwide progress monitoring system or an individual progress-
26 monitoring plan.
27
- 28 • When an ESE student is determined to be performing below grade level in English
29 language arts, or mathematics, the ESE/ Regular Education Teacher should write a
30 PMP/ MTSS to address the student's educational needs. The PMP/ MTSS should be
31 developed with the involvement of the parent/ guardian.
32

1 **J. Retention [Section 1008.25(6)(a), FS]**
2

- 3 • **No student may be assigned to a grade level based solely on age or other factors that**
4 **constitute social promotion.** [Section 1008.25 (6)(a), FS]
5
6 • **Retention decisions shall not be made on a single test score.**
7
8 • Students in Kindergarten or Grade 1, Grade 2, or Grade 3 who exhibit a substantial deficiency
9 in reading must be given intensive reading instruction. The student's reading proficiency must
10 be monitored, and the intensive instruction must continue until the student demonstrates
11 grade level proficiency. [Section 1008.25(5)(a), FS]
12
13 • Students in Grades 4 through Grade 12 who are identified as being considerably or
14 substantially below grade level in English language arts, mathematics, and/ or science **must**
15 receive remediation and require a PMP.
16
17 • The following options are available for students who have not met the levels of performance
18 for student progression:
19 ○ remediate before the beginning of the next school year and promote;
20 ○ promote and remediate during the following year with more intensive intervention and
21 remediation strategies identified in the revised PMP/ MTSS; or
22 ○ retain and remediate using an alternative program of instructional delivery.
23

24 An appropriate placement, which differs from the present placement, must be considered for
25 a student who has been retained two or more years, Section 1008.25(2)(b), FS.
26

- 27 • Students classified as retained after the summer programs shall be eligible for such
28 appropriate placement. Recommendation for placement is to be determined on an individual
29 basis considering:
30 ○ Teacher recommendations
31 ○ Parent recommendations
32 ○ Test scores -- FCAT 2.0, FSA, SAT-10
33 ○ RtI Intervention Assistance Team recommendations
34 ○ ELL committee recommendation for ELL students.
35
36 • The principal, upon written authority from the Superintendent, may promote a student who
37 has been previously retained if the principal determines that standards have been met, and
38 the student shall be able to benefit from instruction at the higher grade. If the placement
39 involves a new school, the assignment shall occur at the time agreed upon by both the sending
40 and receiving principal.
41
42 • Eighth grade students who are placed in the ninth grade shall be enrolled in a mandatory
43 remediation program.
44
45 • Eighth grade students promoted to the ninth grade may take courses during the extended
46 school year for acceleration.
47

1 **1. Mandatory Retention, Grade 3**
2

- 3 • No student may be assigned to a grade level based solely on age or other factors that
4 constitute social promotion. [Section 1008.25 (6)(a), FS]
5
6 • Beginning with the 2002-2003 school year, students who do not score at Level 2 or higher
7 on the statewide assessment test in reading for Grade 3 **must** be retained unless he or
8 she is exempt from mandatory retention for good cause. [See *Exemption from Mandatory*
9 *Retention (Good Cause) in Grade 3.*] [Section 1008.25 (5)(b), FS]
10
11 • If a student transfers after the administration of the FSA in Grade 3, it is up to the district
12 to assess the student’s reading proficiency at the end of the year to determine if the
13 student needs to repeat Grade 3.
14
15 • Retention decisions shall not be made on a single test score.

16 **2. Special Program Considerations for ELL Students**
17

- 18 • An ELL student who has received more than two (2) years of instruction in an approved
19 ESOL program, according to the date the student entered a US school, may be retained
20 when there is lack of academic progress in grade level concepts.
21
22 • The ELL committee shall meet to document the evidence indicating lack of academic
23 progress and to recommend retention. The parent/ guardian shall be invited to attend.
24
25 • The teacher(s) must show extensive documentation of the ESOL strategies used to
26 provide the student with understandable instruction.
27
28 • The reason for retention **must not imply** the student needs an extra year to learn English
29 or that the under-performance is due to the child’s limited English proficiency.
30

31 **3. Retention Considerations for Students with Disabilities**
32

33 **a) 504 Students**
34

- 35 • A student with a 504 Plan must meet the district and state levels of proficiency.
36

37 **b) ESE Students**
38

- 39 • A student enrolled in ESE **must** demonstrate proficiency in the Florida Standards or
40 the Access Points for the Florida Standards in English language arts, math, social
41 studies, and science.
42

1 **K. Exemption from Mandatory Retention in Grade 3 (Good Cause) [Section 1008.25(6)(b), FS]**

2
3 **1. Good Cause Exemptions**

- 4
5 • Section 1008.25 (6)(b)1-6, FS, requires that good cause exemptions shall be limited to the
6 following:

8 1. Limited English proficient students who have had less than two (2) years of instruction
9 in an English for Speakers of Other Languages program based on the initial entry into
10 a school in the United States;
 - 11
12 2. Students with disabilities whose individual education plan indicates that participation
13 in the statewide assessment program is not appropriate, consistent with the
14 requirements of State Board of Education rule;
 - 15
16 3. Students who demonstrate an acceptable level of performance on an alternative
17 standardized reading or English Language Arts assessment approved by the State
18 Board of Education;

21 least a Level 2 performance on the statewide, standardized English Language Arts
22 assessment (FSA);
 - 23
24 5. Students with disabilities who take the statewide, standardized English language arts
25 assessment and who have an individual education plan (IEP) or a Section 504 plan

28 previously retained in Kindergarten, Grade 1, Grade 2, or Grade 3
 - 29
30 6. Students who have received the intensive reading intervention for two (2) or more
31 years but still demonstrate a deficiency in reading and who were previously retained
32 in Kindergarten, Grade 1, Grade 2, or Grade 3 for a total of two (2) years. A student
33 may not be retained more than once in Grade 3.

34
35 **2. Requests for Good Cause Exemptions**

- 36
37 • Requests for good cause exemptions for students from the mandatory retention
38 requirement shall be made consistent with the following:
- 39
40 ○ Documentation through a Grade 3 portfolio shall be submitted from the student's
41 teacher to the school principal that indicates that the promotion of the student is
42 appropriate and is based upon the student's academic record.
 - 43
44 ○ The State Board of Education adopted the following student portfolio guidelines on
45 January 21, 2003. To be accepted as meeting the portfolio option for demonstrating

1 **3. Mid-Year Promotion**
2

3 **a) Before November 1 of the school year:**
4

- 5 • Current Student Progression Plan Guidelines for Promotion shall be followed:
6
- 7 • Student promotion in the Osceola County schools is based upon an evaluation of each
8 student’s achievement in terms of appropriate instructional goals. The determination
9 should reflect the recommendation of the school-based placement committee based
10 upon the student’s successful progress toward achievement of the Florida Standards.
11 The primary responsibility for using evidence to determine each student’s level of
12 performance and ability to perform academically, socially, and emotionally at the next
13 grade level is that of the classroom teacher, subject to review and approval of the
14 principal.
15
- 16 • Retained Grade 3 students who can demonstrate that he or she is a successful
17 independent reader, reading at or above grade level, and ready to be promoted to
18 Grade 4 may be promoted mid-year after careful evaluation by the principal.
19 Evaluating any retained Grade 3 student may include subsequent assessments,
20 alternative assessments, and portfolio reviews in accordance with rules of the State
21 Board of Education. Students promoted during the school year after November 1 must
22 demonstrate proficiency levels in reading equivalent to the level necessary for the
23 beginning of Grade 4 as determined by State Board of Education rules. Section

2
3 **1. Graduation Requirements**

4
5 The assessments students must pass in order to graduate with a standard high school
6 diploma are determined by their year of enrollment in Grade 9. Table 1 lists the required
7 assessments for each Grade 9 cohort for the Florida Standards (FSA) English Language
8 Arts (ELA) and the FSA Algebra 1 End-of-Course (EOC) Assessment. Table 1 lists the
9 requirements for Grade 9 cohorts required to pass the state assessments.

14
15 In 2014-15, the Florida Standards Assessments (FSA), aligned to the Florida Standards,
16 were introduced, and the Grade 10 FSA ELA assessment was administered for the first
17 time in spring 2015. New performance standards were adopted in State Board of
18 Education rule in January 2016. Beginning with students who entered grade 9 in 2014-15
19 and beyond, students must pass the Grade 10 FSA ELA by earning the score established
20 in the State Board of Education rule, as indicated below. From the FLDOE Fact Sheet,
21 Table 2 shows the passing score for each assessment depending on the year students
22 entered Grade 9.

28 which is linked to the passing score for the previous assessment requirement.
29

1 **Algebra 1 EOC Assessment**

2 The FSA Algebra 1 EOC assessment was first administered in spring 2015. These students,
3 as well as students who took the assessment in summer, fall, or winter 2015, are eligible for
4 an alternate passing score of 489. Students taking the assessment for the first time after
5 performance standards were set must pass the Algebra 1 EOC by earning the passing score
6 of 497, adopted in State Board of Education rule in January 2016.

1 **2. Graduation Options**

2
3 **a) Retaking the Statewide Assessments**

4
5 Students can retake the FSA ELA Grade 10 or Algebra 1 FSA EOC Assessment each
6 time the test is administered until achieving a passing score, and students can enroll
7 beyond the twelfth grade year should they need additional instruction to pass an
8 assessment. Students currently have up to five opportunities to pass the Grade 10 ELA
9 FSA test before their scheduled graduation. Students who do not pass the grade 10 ELA
10 FSA in the spring of their tenth-grade year may retest in fall and spring of their eleventh-
11 and twelfth-grade years. The number of opportunities to retake the Algebra 1 EOC
12 Assessment shall depend on when students first take the test, since they typically take it
13 at the conclusion of the course. The Algebra 1 FSA EOC Assessment is currently
14 administered four times each year: fall, winter, spring, and summer.

15
16 **b) Concordant and Comparative Scores Option**

17
18 A student can also graduate by receiving a score concordant to the Grade 10 ELA FSA
19 score on either the ACT or SAT and a score comparative to the Algebra 1 EOC FSA
20 Assessment passing score on the Postsecondary Education Readiness Test (PERT) (for
21 concordant scores, see Table 4).

22
23 Table 4 shows the concordant and comparative scores students must achieve based on
24 the year they entered Grade 9. Even if they have achieved a concordant score before the
25 Grade 10 assessment, all students enrolled in Grade 10 are required to participate in the
26 statewide assessments in accordance with Section 1008.22, Florida Statutes.
27 Additionally, if students have achieved a comparative score on the PERT prior to enrolling
28 in and completing Algebra 1 or an equivalent course, they must take the Algebra 1 EOC
29 FSA Assessment in accordance with Section 1008.22, Florida Statutes. Additional

41 **e) General Education Development (GED) Tests**

42
43 GED tests are designed to provide an opportunity for adults who have not graduated from
44 high school to earn a state of Florida diploma by measuring the major academic skills and
45 knowledge associated with a high school program of study that graduating seniors should
46 know and be able to do, with increased emphasis on workplace and higher education.
47 Passing GED tests may require some preparation. Local adult education programs
48 sponsored by school districts, colleges, and community organizations may assist students
49 with determining how to best prepare for the tests. Additional information and resources
50 regarding the GED may be accessed at <http://ged.fldoe.org/default.asp>.

- has an individual education plan that prescribes special education, transition planning, transition services, or related services through age 21; and
- is enrolled in accelerated college credit instruction pursuant to s. 1007.27, industry certification courses that lead to college credit, a collegiate high school program, courses necessary to satisfy the Scholar designation requirements, or a structured work-study, internship, or pre-apprenticeship program.

An ESE student who receives a certificate of completion and has an IEP that prescribes special education, transition planning, transition services, or related services through 21 years of age who receives a Certificate of Completion may continue to receive specified instruction and services through FAPE until the day the student attains the age of twenty-two (22).

1 **VI. REPORTING STUDENT PROGRESS**

2
3 **A. Parent(s)/ Guardian(s) – Written Notification Requirements [Section 1008.25(7)(a), FS]**

- 4
5 • Section 1008.25 (7)(a), FS, specifies that the district school board must annually report to the
6 parent of each student the progress of the student towards achieving state and district
7 expectations for proficiency in reading, writing, mathematics, and science, including the
8 student’s results on each statewide assessment test. The evaluation of each student’s
9 progress must be based upon the student’s classroom work, observations, tests, district and
10 state assessments, and other relevant information. Progress reporting must be provided to
11 the parent in writing in the format adopted by the district school board. Progress reports for
12 ELL students shall be provided in the parent’s native language when feasible. No one test
13 with a single administration should determine promotion for retention. The preponderance of
14 evidence from evaluations should be used to determine if a student is ready for the work of
15 the next grade.

16
17 **B. Report Cards [Section 1003.33(1), FS]**

- 18
19 • Section 1003.33 (1), FS, requires that district report cards for all students must clearly grade
20 or mark:
21 ○ the student's academic performance in each class or course (based upon examinations
22 as well as written papers, class participation, and other academic performance criteria);
23 ○ the student's conduct and behavior; and
24 ○ the student's attendance, including absences and tardiness.
25
26 • The student's final report card for a school year shall contain a statement indicating end-of-
27 year status regarding performance or nonperformance at grade level, acceptable or
28 unacceptable behavior and attendance and promotion or nonpromotion.
29
30 ○ All schools shall use a standard report card appropriate for the level (Pre-K, K, 1-2, 3-5,
31 6-8, and 9-12) as the primary means of reporting student progress.
32
33 ○ With the approval of the Superintendent and the School Board, schools may develop
34 additional or supplementary instruments, which may be used in conjunction with the
35 standard report card.
36
37 ○ Report cards shall be issued for all students at the close of each grading period.
38
39 ○ Progress Reports may be issued at the end of the extended year programs and services,
40 i.e., extended school year, Saturday school, before and after school programs.
41
42 ○ Parents are to be notified in writing at any time during a grading period when it is apparent
43 that the student may not pass or is performing unsatisfactorily in any course or grade level.
44 The School District’s Deficiency/ Progress Report and/ or approved electronic Progress
45 Report form shall be used for this notification.
46
47 ○ Report cards for English Language Learner (ELL) students must be in the primary
48 language of the parent/ guardian, whenever feasible. These primary language report
49 cards are to be attached to the English report card.
50
51 ○ Adult Education students shall be issued a Certificate of Attendance or a Certificate of
52 Program Completion upon request.
53

1 **C. General Rules of Marking or Awarding Grades and Credit [Section 1003.33(1), FS]**
2

3 **1. Report Card Grades**
4

- 5 • Teachers shall determine report card grades that provide the student and the student's
6 parents(s)/ guardians(s) with an objective evaluation of the student's mastery of state
7 standards. Students and parents are to be advised of the grading criteria for each course
8 at the time of enrollment.
9
- 10 • The student's academic grades are to reflect academic achievement. The quality of the
11 work shall be assessed by multiple measures that include, but not limited to:
12
- 13 ○ teacher observations (oral presentations or reports, speeches, recitations, impromptu
14 speaking, student participation and demonstrations);
 - 15 ○ classroom assignments (reports, term or research papers, models, projects, exhibits,
16 posters, computer programs and homework);
 - 17 ○ examinations (essay, multiple-choice and completion tests, oral tests, and skill tests
18 requiring demonstrations);
 - 19 ○ weekly core curriculum benchmark assessments; and/ or
 - 20 ○ alternative methods (portfolios and performance assessment).
- 21
- 22 • Grades in conduct are to be assigned independently of academic achievement.
23 Standards for grading in these areas are to be explained to the students within the first
24 two (2) weeks of the school year or within the first two (2) weeks of assignment to the
25 teacher's classroom, whichever occurs first.
- 26
- 27 • Students who enroll in school or class late shall be allowed to make up the class work. In
28 order to receive full semester credit, a student must be enrolled in any school a minimum
29 of forty-five days.
30
- 31 • Assignments shall be labeled clearly so that a teacher, parent, or student can determine
32 upon which standard(s) the student is being graded.
33
- 34 • Assessments and assignments shall be designed to determine the student's mastery of
35 state standards.
36
- 37 • Each student shall have at least one (1) grade per week per course for each marking
38 period. A marking-period grade shall not be based solely upon a single project or test.
39 No single project or test shall count more than 20% of the student's final marking-period
40 grade/ mark.
41
- 42 • Students shall be provided with opportunities for multiple attempts to demonstrate mastery
43 of the standards.
44
- 45 • Passing grades on report cards indicate that the student has achieved mastery of the state
46 standards for the course in which the student is enrolled, unless the course is clearly
47 identified as remedial.
48
- 49
- 50
- 51
- 52

- To receive a report card a student shall have been enrolled in school at least one-half (1/2) of the forty-five day grading period as established by the official school calendar. The report card needs to reflect the date of entry and attendance record. If a student withdraws, the student shall be issued a grade on the withdrawal form as of the date of withdrawal.
- Students are to receive grades in all subjects in which they have received instruction that grading period.

2. Change of Grades

Once a grade has been entered into a report card or electronically entered into a system for the preparation of report cards, then any and all grade changes should be made as follows:

a) Request by Teacher for Change of Grade

- If the teacher who has made, entered, or reported the grade feels it necessary to change the grade, he or she must submit a request in writing to the principal for a grade change.
- Whether the basis for the change is a mistake at the time of entry, or reconsideration of the assessment materials and evaluative sources, the teacher shall demonstrate in the writing the rationale, basis, and support for the grade as intended to be entered on the change.
- The principal shall consider the request made by the teacher, meet with the teacher, as the principal deems necessary, and determine whether to make the change as requested.
- The principal shall determine the request in writing and provide a written explanation as to the basis for the determination to the requesting teacher.
- Following the direction of the principal, the grade may be changed or left unchanged. Only if directed by the written notification of the principal, may the teacher-entered grade be changed.
- If a change in grade be directed after the student and parent(s)/ or parent(s) have been first notified of the grade, then the grade change shall be made on an official notification form to the parents, which shall contain the reasons and methodology for the change.

1 **b) Change of Grade without Teacher Request**
2

- 3 • If a Principal considers changing a report card grade made, entered, or reported by a
4 teacher, he or she must report in writing to the teacher that he or she is considering a
5 student report card grade change.
6
7 • The teacher shall be afforded an opportunity in writing to present the rationale, basis,
8 and explanation for the grade as was entered.
9
10 • The principal shall consider the teacher's written support in making the grade.
11
12 • If the principal should determine to leave the grade as was entered unchanged, the
13 principal need take no further action. If the principal determines to make a grade
14 change over the teacher's objection, the principal shall set forth in writing the reason
15 for the grade change, and provide therein a basis for the change of grade.
16
17 • Following the written notification of the teacher of the decision and basis for grade
18 change, at the direction of the principal, the grade may be changed.
19
20 • Should a change in grade be directed by the principal, after the student and parent(s)/
21 or parent(s) have been first notified of the grade, then the grade change shall be made
22 on official notification to the parents, which shall contain the reasons and methodology
23 for the change.
24
25 • Grade change documentation, including grade change forms, notices, and other
26 relevant documents, shall be retained in the student's cumulative record.
27

28 **3. Dual Language (One Way and Two Way) Considerations - Language Arts and Reading**
29 **Classes**
30

- 31 • Elementary students enrolled in a dual language program shall receive two (2) grades for
32 both Language Arts and Reading classes.
33 ○ The Language Arts class taught in English shall be the one (1) recorded on the
34 student's report card, and the Reading class taught in English shall be the one (1)
35 recorded on the student's report card.
36 ○ In addition, the Language Arts class and the Reading class taught in the target
37 language (e.g., Spanish) shall be treated together as a single special area and
38 recorded on the student's report card as a single special area grade (e.g., Spanish
39 Language Arts/ Reading).
40
41 • Other core subjects shall be taught in either English or the target language and shall be
42 recorded on the student's report card as a single grade by the appropriate teacher.

4. Final Course Grades

- A student shall complete a semester's work in order to be promoted or to receive credit for the semester's work. Students who complete the semester's work, except taking the final examinations, may at the discretion of the principal, arrange to take the examination prior to the opening of the next succeeding school year.
- Work or credit earned from a non-accredited school or school from outside Osceola County shall be accepted toward graduation upon validation. Validation of credit may be made by the student's successful completion of a standardized test in the subject.
- Grades shall be awarded at the end of each grading period. These grades shall reflect all work assigned and achieved during that grading period. Credit may be awarded at the end of a grading period (nine weeks or semester).
- Final grades shall be awarded on a semester basis in high schools. Credit for high school level courses taken at a middle school shall be awarded on a yearly basis.
- When two nine weeks are used to determine a final grade, each nine weeks shall count 50% of the final grade.
- For a course in which a semester exam is given, the semester exam grade shall count the same as a regular test grade.
- For a course in which a quarterly exam is given, the quarterly exam grade shall count the same as a regular test grade.

a) **Courses with State End of Course (EOC) Exams**

- A minimum of 30% of the student's course grade must be comprised of performance on the statewide, standardized end-of-course assessment if one is required for that course (see IV.D.). For such a course,
 - When two semesters are used to determine a final grade, each semester shall count 35% of the final grade, and the statewide, standardized end-of-course assessment shall count 30% of the final grade.
 - When two nine weeks are used to determine a final grade, each nine weeks shall count 35% of the final grade, and the statewide, standardized end-of-course assessment shall count 30% of the final grade.
- If an "I" (incomplete) is recorded on a report card, the requirements for which the incomplete was assigned must be satisfied within two weeks of the issuance of report cards or the "I" becomes "F." At the teacher's discretion, a longer period of time may be allowed for makeup work. For each student granted additional time, the teacher shall complete and submit in a timely fashion a grade change form.
- Pursuant to Section 1003.436, Florida Statutes, in awarding credit for high school graduation, the district shall maintain a one-half credit earned system that shall include courses provided on a full-year basis. A student enrolled in a full-year course shall receive:
 - **Half credit** if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and *the averaging of the grades obtained in each half would not result in a passing grade.*
 - **Full credit** if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and *the averaging of the grades obtained in each half would result in a passing grade*, provided that such additional requirements specified in School Board policies, such as class attendance, homework, participation, and other indicators of performance, shall be successfully completed by the student.

27 his or her third or junior year.
28
- 29 • The calculation of the student's Grade Point Average (GPA) and class rank shall occur

8 instructional materials, and curriculum accommodations.

 - 9 • If there is a continued pattern of academic underperformance and assessments, the ELL
10 committee shall meet to review the reasons for the student's lack of progress. The reason(s)
11 documented for the academic under-performance of an ELL student **cannot imply** that he/
12 she needs an extra year to learn English or that it is due to the student's lack of English
13 proficiency.

 - 14 • The following documentation needs to be in the student's permanent records:
 - 15 ○ Documentation of the ESOL strategies used by the ESOL language arts and basic content
16 area teacher(s) to provide understandable instruction, including the alternative
17 assessment instruments and test accommodations used to evaluate the student's
18 academic progress.
 - 19 ○ The records of parental contacts or attempts made to inform the parent/ guardian of the
20 student's under-performance. When applicable, copies of the deficiency reports signed
21 by the student and parent/ guardian. Notices to parent/ guardian of ELL students must be
